Aims, Scope, and Audience

Alpha Psychiatry aims to publish studies of the highest scientific and clinical value, and encourages the submission of high-quality research that advances the understanding and treatment of psychiatry.

Alpha Psychiatry covers a wide range of topics related to psychiatry, basic and clinical neuroscience and behavioral sciences, including diagnostic methods, treatment techniques, and prevention strategies. The journal is interested in publishing original research that addresses important clinical questions and advances the understanding and treatment of these conditions. This may include studies on the effectiveness of different treatments, new diagnostic tools or techniques, and novel approaches to preventing or managing mental diseases.

Alpha Psychiatry publishes original research articles, invited reviews, letters to the editor, editorial comments, debates and expert opinion on guidelines. Conference proceedings may also be considered for publication.

The target audience of the journal includes psychiatrists, mental health workers, neuroscientists and researchers who are interested or working in all fields of medicine.

Article Processing Charge (APC) and Waivers

No fees are requested from the authors during submission and evaluation process. All manuscripts must be submitted via the online submission system, which is available at www.alpha-psychiatry.com. The journal guidelines, technical information, and the required forms are available on the journal's web page.

As of July 1, 2023, Alpha Psychiatry receives a 1500 USD article processing charge (APC) + 5% Transaction Fee (75 USD). Upon the acceptance of the manuscript, authors should transfer the payment to the account that is stated in the acceptance letter. Please contact editorial office for payment information.

Authors are required to properly disclose any financial support they receive for the payment of the article processing charge.

Waiver and Discounts Policy

For waivers or discounts please contact the Editorial Office of journals before submission. Alpha Psychiatry stated that author fees or waiver status should not influence editorial decision making.

About the Alpha Psychiatry

Please note that all submissions are evaluated by the Editorial Board and the external reviewers in terms of scientific quality and ethical standards. APC payments have not any effect on the outcome of the article's evaluation and/or publication priority.

Open Access Statement

Alpha Psychiatry is an open access publication, and the journal's publication model is based on Budapest Open Access Initiative (BOAI) declaration. All published content is available online, free of charge at www.alpha-psychiatry.com. Authors retain the copyright of their published work in the Alpha Psychiatry. The journal's content is licensed under a Creative Commons Attribution-NonCommercial (CC BY-NC) 4.0 International License which permits third parties to share and adapt the content for non-commercial purposes by giving the appropriate credit to the original work.

Advertising Policy

Alpha Psychiatry accepts digital advertisements on its website. These ads must be approved by the journal's Editorial Board and management, and must be clearly labeled as advertisements. Advertisers have no influence on editorial decisions or advertising policies.

Those interested in advertising in the journal should contact the Editorial Office.

Disclaimer

Statements or opinions expressed in the manuscripts published in the journal reflect the views of the author (s) and not the opinions of editors, editorial board, and/or publisher; the editors, editorial board, and publisher disclaim any responsibility or liability for such materials.
